January-December
Vol. 38, Nos. 1-12

FOR CONSULTING ENGINEERS, MECHANICAL (HEATING, PIPING & AIR CONDITIONING) CONTRACTORS, AND ENGINEERS WITH PLANTS AND BIG BUILDINGS

1966 VOLUME INDEX

HEATING PIPING & AIR CONDITIONING

Air Conditioning 2
Heating 8
Piping 12
Commercial Buildings 15
Industrial Buildings 15
Institutional & Public Buildings 16
HPAC Data Sheets 17
HPAC Engineering Data Files 17
HPAC Legal Pages 17
HPAC Computer Conference Papers 17
HPAC Conference: Single Energy Source Systems 17
Author Index 18

THE VOLUME INDEX lists the feature editorial material appearing in Heating, Piping & Air Conditioning, and also items from the Open for Discussion, Question of the Month, and You'll Want To Know departments of the magazine. This material is indexed by type of system (heating, piping, or air conditioning), by type of construction (commercial, industrial, or institutional and public buildings), and by author. In addition, HPAC Data Sheets, HPAC Engineering Data Files, HPAC Legal Pages, and HPAC conference papers are indexed separately.

A month and page number that appears in italics in the index refers to comments on the indexed article. These comments appeared in the Open for Discussion pages.

Heating, Piping & Air Conditioning is published monthly by Keeney Div., Reinhold Publishing Corp., a subsidiary of Chapman-Reinhold, Inc., 10 S. LaSalle St., Chicago, Illinois 60603.

SUBJECT INDEX

AIR CONDITIONING

GENERAL

A Consulting Engineer's Viewpoints on Energy Systems, by M. G. Gamze ....Dec 120
A Strategy for Competitive Bidding, by J. Horowitz ....Sep 136
A Utility Analyzes a Total Energy System, by A. G. Ward ....Dec 116
AACE Holds Annual Meeting in Philadelphia ....Aug 137
AGA Will Construct New Appliance Testing Laboratories Near Cleveland ....Sep 50
Air Conditioned Cabs for Federal Aviation Agency Airport Control Towers ....Aug 52
Air Conditioning Market ....Oct 89
Air Conditioning Repair Course ....Sep 46
Air Curtains Are Accepted; Says System Is Misapplied (Open for Discussion), by G. Asker ....*Jun* 98
Air Curtains Could Be Used To Advantage in Industry (Open for Discussion), by C. F. Mowrey ....*Sep* 89
Air Sampling System Combines Filter Medium with Computer Card ....May 46
All-Electric Air Conditioning Serves "Jet Age" High School, by J. C. Penafeather ....Sep 125
An Automated System for Spec Writing, by G. N. Harper Nov 101; *Dec* 69
Anderson Award to Jordan (ASHRAE Goes to Houston for Semiannual Meeting) ....Mar 111
ARCA Elects Shilling President ....Apr 232
ARI Agrees with MCA in "Prefab" Equipment On-Site Changes ....Jan 54
ARI Gets Grant for Instructors' Guide ....Sep 40
ARI Renames Training Committee, Will Determine Industry's Manpower Needs ....Apr 238
ARI To Inaugurate Certification Program for Heating, Cooling Coils ....May 40
ASHRAE Installs Bouillon, Names McGrath President-Elect ....Aug 39
ASHRAE Project To Explore Effect of Thermal Environment on Productivity ....Mar 246
ASHRAE Will Gather at Toronto in June ....May 46
ASHRAE's New Award for Public Service ....Apr 230
Best Performance, Economy in New Buildings Is Goal in Developing Computer Language ....Nov 46
Blum, Herman, Named President of Automated Procedures for Engineering ....Jul 52
BRI To Hold Spring Conferences Apr 234

Britons Use Electric Fires To Top Up Central Systems, by R. H. Nevins ....Jul 123
Building Contractor Failures Reported ....Jul 46
Building Inspector Training Classes ....Sep 50
Calif. MCA Elects Pierce President ....Mar 50
Campus Chilled Water Plants — District vs Decentralized, by M. J. Wilson ....Nov 106; *Dec* 70
Can More Pumps Cost Less?, by G. H. Avery ....Oct 115
CEC Celebrates a Decade of Progress, Installs President ....Jun 52
Changes in Workmen's Compensation Laws ....Jul 44
Chemical Dehumidification Protects Microfilm Records Stored in Mountain Vaults, by N. W. Clayton and G. H. Fudge ....Oct 127
Cherne Elected MCAA President, Kearney Receives Distinguished Service Award ....Jun 40
Chicago Mechanical Contractors Endorse Preliminary Examination of Building Plans ....Jul 46
Clean Air Amendments, Solid Waste Disposal Act Give New Authority to Federal Agencies ....Mar 245
COBESTCO: Important Estimating Tool for the Mechanical Contractor, by L. R. Shaffer ....Oct 92; *Nov* 83
Combine Potpourri of Systems, Equipment, Utilities To Air Condition Plant ....Aug 121
Compares Insolation Data at University of Kentucky (Open for Discussion), by E. B. Penrod ....*Oct* 83
Compressor: Heart of a Refrigeration Machine, by R. E. Rayner .... Oct 110, Dec 100
Computer Can Aid Bid Estimating ....Jun 45
Conference Features Wide Ranging Air Cleaning Program, by P. C. Reist ....Dec 109
Conference on Energy Sources ....Aug 46
Construction Expenditures Expected To Reach $100 Billion This Year ....Sep 52
Consulting Engineer Named Professor of Architectural Engineering at Penn. ....Jan 329
Consulting Engineers Council Will Meet in Tulsa, May 3-6 ....Apr 105
Contractor Must Avoid Liability for Defects in Engineer's Design (Open for Discussion), by L. Aksman *May* 76
Dedicate Gas Total Energy Building ....Mar 50
Designing High Reliability into Environmental Systems, by W. Viessman ....Sep 118
Developments in Refrigeration Compressor Design To Be Covered at Western Conference ....Feb 40
Don't Overlook Makeup Air in Remodeling Projects (Open for Discussion), by R. J. Ladner ....*Jan* 101
Electric Space Conditioning Institute Opens Air Conditioning Test Laboratory ....Mar 46
Electrification Council Expands ....Apr 232
Engineer Tells Impressions of U.S.; Offers To Work Free as Designer (Open for Discussion), by C. Dechert ....*Apr* 81
Engineering Graduates Find Job Prospects Bright ....Mar 244
Engineers, Architects Must Keep Pace with Technology or Lose Out to Manufacturer, Dealer ....Jun 41
Ethics of the Total Environmental System, by C. B. Grund, Jr. ....Dec 113
Evaporative Cooling System Design for Dining Halls and Similar Spaces, by S. Agnon ....Nov 143
Experience Shows District Plant Diversity Factor To Be 57% (Open for Discussion), by D. C. Pfeiffer ....*Dec* 70
Federal Standards To Control Air Pollution from Motor Vehicles Go Into Effect in '68 ....Apr 231
Feels Better Control Accounts For Lower Steam Consumption (Open for Discussion), by S. Koenig ..*Mar* 84
Fine Wire Welding Shows Promise; Must Train More Welders To Use It (Open for Discussion), by W. C. Lilly ....*May* 77
Fire Test Glass Fiber Air Ducts, by J. M. Barnhart ....Aug 115
Gas Industry To Spend $8.2 Billion for Construction in Next Four Years ....Oct 56
GATE Reports Progress in Five Areas ....Jun 143
Give the Right Answers To Get the Right Pump, by J. A. Cable ....Mar 236
Government To Study 6 Percent Limitation on Engineer-Architect Fee ....Oct 52
Great Cost Reduction Potential Using Computer To Prepare Specs (Open for Discussion), by R. L. Jackson ....*Dec* 69
Hide Heating and Cooling Equipment in Roof of New Church ....Oct 48
How Mechanical Systems Enable Modern Electronics Manufacturing, by O. F. Smith ....Sep 148
HPAC Computer Conference Report: First Session ....Feb 131
HPAC Computer Conference Report: Second Session ....Mar 169
HPAC Computer Conference Report: Third Session ....Apr 164
HPAC CONTRACTORS: Experts Can Help You Make More Money, by Jack Haskett ....Jan 150
Industrial and Commercial Water Treatment Is $770 Million Business ....May 39
Industrial Environment for Man Will Be Keynote Talk at ASHRAE Meeting Next Month ....Dec 42
Installed Value of Engineered Air Conditioning Systems Up 15 Percent ....Jul 48
Integrated Systems, Total Energy To Play Key Role in Future Building ....Jan 47
ITT Establishes New Department of Environmental Engineering ....Dec 166
Jansen Named RSES Training Director ....Jul 54
Joint Corporation Formed To Install, Own, and Operate Total Energy Systems ....Nov 54
Joint Private Engineer-Government Agency Group Proposed To Study Role in Overseas Work ....Nov 50
Kennedy, Walter W., Forms Consulting Firm ....May 44
Korte, Huck Assume New Editorial Posts ....Feb 40
Manufacturers' Shipments of Unitary Air Conditioners Up 17 Percent in 1965 ....Jun 42
MCAA, ARI Support Boiler Manufacturers' Petition Against Union Secondary Boycotts ....May 42
MCAA Convention To Be Held May 8-12 ....May 40
MCAA Northwest Ohio Chapter Formed ....Jun 42
MCAA Seeks Inquiry of St. Louis UA Local ....Feb 44
MCAA's Kromer Calls For New Plan in Obtaining Apprentices in Industry ....Sep 39
MCAA Sees Better Building Through Training of Construction Supervisors ....Oct 58
McGrath Assumes ASHRAE Presidency Following Death of Lincoln Bouillon ....Nov 43
Metal Pan Radiant Ceilings Serve Institute for Crippled Children, by L. T. Avery ....Oct 130
Missions to Mars Spur Survey of Bioclean Rooms, by F. D. Stockham, D. Roberts, and R. Zastera ....Oct 104
MSCA Elects Connelly Chairman Jan 56
Must Control "Iron Rot" in Cooling Towers Also (Open for Discussion), by J. F. DeMonbrun ....*May* 82
NAPHCC To Hold 84th Annual Convention ....Jun 54
National Trade School Association Establishes Accreditation Program ....Nov 52
Natkin & Co., B & G Olsen Merge ....May 48
Nesbitt Receives ASHRAE Alco Award ....Aug 46
New Air Balance Council Expects To Standardize Balancing Procedures ....Feb 39
New CEC Committee on Building Technology ....Nov 52
New Organization Plans To Accredit Private Trade and Technical Schools ....May 46
New Rating Method for Duct Silencers, by D. B. Callaway and M. Hirschorn ....Dec 88
Newly Formed Institute Supersedes ASA, Will Accelerate Output of National Standards ....Oct 220
Newly Incorporated Firm To Design, Install, Operate Total Energy Systems ....May 48
Newspaper Plant Heating Is Hot Off the Press, by J. P. Bazzoni ....Oct 122
NFPA Interprets Use of Fire Dampers in Commercial Air Conditioning Systems ....Apr 236
1965 Volume Index for HPAC ....Feb 44
NLRB Hearings in Progress on Unit Fabrication Dispute ....Jul 41
Nomograph Determines Tower Blowdown, Makeup, by F. Caplan ....Oct 145
Number of RSES Students Increases ....Oct 224
NWAHACA (Equity) Moves to ARI Hq. ....Jul 44
NYU To Study Stack Discharge at Con Ed. ....May 42
Offers More Tips on Freeze Protection (Open for Discussion), by S. A. Littmann ....*May* 82
Operating Experience at Rochdale Village, by L. Smith ....Oct 99; *Dec* 69
Outline for Study of Building Codes ....Nov 48
Penrod, E. B., Appointed Visiting Professor of Engineering at Evansville College ....Oct 222
Piping Industry Development Council Contracts for Program Services from PHCIB ....May 44
Plant Air Conditioning Startup, by S. F. Commons ....Oct 133
Plant Engineering and Maintenance Show, Conference: IIC Building Exposition To Be Held ....Feb 42
Plant Engineering Conference Will Examine Heating and Air Conditioning Problems ....Nov 52
Primary, Secondary Air Systems Heat, Cool New Office Building, by H. M. Bennett ....Sep 111
Producers' Council Meeting Will Probe Manpower Problems, Industry Challenges ....Sep 288
Promotional Practices of Utilities To Be Investigated; Hearings Will Take Months ....Sep 44
Proper Supply Air Distribution on Agenda of Industrial Ventilation

Conference ....Feb 180
Proposed Bill Will Result in Higher Taxes, Federal Control of Unemployment Comp. ....Feb 184
Recent Government Directive To Protect Subcontractors from Bid-Shopping Practices ....Jan 329
Recommends Use of Ad Counsel To Fellow Mechanical Contractors (Open for Discussion), by E. A. McGavock ....*Jan 101*
Report Summarizes Findings of National Conference on Creative Engineering Education ....Nov 44
Richabaugh Elected I=B=R Chairman ....Oct 56
Rooftop Total Energy System for California Trade Center Building ....Oct 54
Report on Continuing Engineering Studies ....Jun 47
Report Underground Gas Storage Capacity ....Aug 50
Reports Consensus of Engineers on Engineering Education (Open for Discussion), by A. A. Abrahams ....*Sep 88*
Save Space, Time, Money with Microfilmed Drawings, by L. T. Avery ....Sep 116
Selected Rain-Wind Relations Applicable to Stack Design, by S. A. Changnon, Jr. ....Mar 93
Selecting Office Building Air Conditioning Systems for Profitable Investment, by M. Meckler ....Aug 108
Semi-Automatic Timer Heating Distribution Cuts Fuel Oil Use ....Oct 206
Seven Reappointed to HPAC Board of Consulting, Contributing Editors ....Mar 39
"Simulated Occupant" Used To Find Occupancy Limit in Fallout Shelters ....Dec 37
SMACNA Designed Fire Dampers Meet UL, Fire Marshals' Approval ....Jun 39
SMART Starts Supervisor Training ....Nov 229
Solar Energy: Its Use and Control, by J. I. Yellott ....Sep 101; *Oct 83;* Oct 135
Solar Energy Society Will Meet in Boston ....Mar 248
Steam Absorption Air Conditioning for $3.5 Million Hospital Addition ....Oct 52
Students Design and Install Gas Air Conditioning System for Auditorium ....Mar 48
Study Shows Engineering Students Need More Technical Summer Work ....Feb 39
Survey Hints at Computer Trend ....Oct 56
Survey Shows Operating Practices of Building Managers, Air Conditioning Trend in L.A. ....Sep 42
Switch from Wet to Electric Heat To Add Cooling at No Extra Cost, by L. Smith ....Aug 128; *Oct 83*
Symposium on Air Conditioning Will Cover Refrigeration Plant Economics, Computer Use ....Oct 54
Temperature, Humidity Control Necessary for Maximum Preservation of Museum Objects ....Nov 48
The ARI Exposition, Louisville, Ky., Jan 31-Feb 3 ....Jan 179
The Closed Open Door, by C. L. Herndon ....May 105; *Sep 88*
Third International Heat Transfer Conference and Exhibit, August 7-12 ....Jul 50
300 Plus Hear Economics, Use of All-Electric and Total Energy Systems ....Nov 56
Tips on Cost Estimating and Tool Costs and Control ....Aug 112
2000 Tons of Cooling, 700,000 cfm of Air Control Temperatures in Machine Tool Plant ....Oct 50
U. A. Honors Top Apprentices, Graduates 70 Instructors at Purdue ..Oct 45
Uniform Building Code for 1967 Will Contain Mechanical Code for Municipalities ....Dec 40
Unitary Air Conditioner Shipments Up 15 Percent in First Nine Months of '65 ....Mar 44
Unitary Air Conditioner Shipments Up 28 Percent in First Quarter in '66 ....Aug 42
Unitary Air Conditioner Shipments Up 13 Perecnt in First Half of 1966 ....Nov 44
Urges Industry Support of Standards ....Jan 330
U. S. Nuclear Electric Generating Capacity Set at 95 MWe in 1980 ....Nov 43
Use Computer To Minimize Estimating Time and Risk (Open for Discussion), by O. B. Hammers ..*Nov 83*
Visual Aids Can Enhance Presentation of Technical Papers, by J. T. Cleckley ....Sep 141
Wanted: Engineers Experienced in Laboratory Animal Facilities ....Jan 54
Waste Management Symposium Scheduled ....Feb 181
What Effect Will Current Trends in Engineering Education Have on Industry, by D. C. Pfeiffer ....May 133; *Sep 88*
What Makes a System a Total Energy System? (Open for Discussion), by R. L. Stinard ....*Dec 69*
Who Will Rate Motel Heating, Cooling?, by L. T. Avery ....Nov 110
Why Not Utilize Diversity, 100 Percent Outside Air Cycle? (Open for Discussion), by R. C. Ring ....*Oct 83*

FUNDAMENTAL

A Consulting Engineer's Viewpoints on Energy Systems, by M. G. Gamze ....Dec 120
A Generalized Computer Program for Air Duct Analysis, by G. Furgiuele and J. W. Bridges, Jr. ....Apr 178
An Approach to Economic Analysis of Alternative Refrigeration Systems, by R. F. Loesch Jul 145; *Nov 84*
An Introduction to Digital Computers, by M. H. Ehlers ....Feb 132
Annunciator System Guards Lab's Air Conditioning, Processing Equipment ....Feb 106
Applications of Special Purpose Analogs to Thermal Design Problems, by G. H. Green ....Feb 138
Approximating Cost, Capacity, by C. B. Bernstrom ....Jul 138
Automated Analysis and Design of Cooling Coils, by G. N. Harper ....Apr 165
Campus Chilled Water Plants — District vs Decentralized, by M. J. Wilson ....Nov 106; *Dec 70*
Chart Determines Shading Effect of Window Recesses, by K. J. V. Fowler ....Jun 159
Cites Results of Studies Showing Importance of Humidity Control (Open for Discussion), by W. Viessman ....*May 84*
Clean-Up Characteristics and Double Filtration, by J. C. Little ....Apr 111
Compare Predictions of HSI Under Old and New Systems (Open for Discussion), by H. S. Belding, T. F. Hatch, and B. A. Hertig ....*Feb 77*
Computer Design of High Velocity Duct Systems, by R. Vandiver, Jr. ....Apr 174
Consider Building Use; Specify Static Deflection; Isolate Entire System (Open for Discussion), by R. M. Hoover ....*Jun 96*
CPM and the Mechanical Contractor, by J. Horowitz ....Jan 117; Feb 115; Mar 121
Data on SCR Pumping Differ from Those Reported (Open for Discussion). by A. J. Herrmann, Jr. ..*Jun 95*
Derive Extensive Benefits from Operator Training (Open for Discussion), by R. S. Purvis ....*Apr 84*
Designing High Reliability into Environmental Systems, by W. Viessman ....Sep 118
Diffusion and Distribution from Ceiling and Wall Outlets, by H. H. Yousoufian ....Apr 124
Engineering Control of Industrial Air Pollution: State of the Art, 1966, by S. C. Rothman, P.E. ....Mar 141; ....*Apr 82*
Experience Shows District Plant Diversity Factor To Be 57% (Open for Discussion), by D. C. Pfeiffer ....*Dec 70*
Failure To Distinguish Between Dustfall, Visible Haze Hinders Air Pollution Control ....Sep 286
Fan Selection by Computer Techniques, by J. B. Graham ....Apr 168
Finding Heat Gains and Losses by Computer, by R. L. Jackson ....Mar 170
Holds Contrasting Opinions on Capabilities of Air Washers (Open for Discussion), by J. Everetts, Jr. ....*Mar 84*
How Do You Ventilate Bank Vaults? New Approach Shows Promise For Bank Vault Ventilation, by H. J. Schrei ....Jan 109
How To Control Refrigerant Condensers, by D. M. Dart, R. E. Cates, and R. B. Miller ....Jun 127
How To Design and Control Ethylene Glycol Heating Systems, by G. F. Carlson ....Jan 140
Humidity: Its Effects and Control, by H. Alstodt ....Feb 93; *May 84*
Isolating Equipment for Vibration Control, by W. E. Whale ..Jan 122; ....Feb 97; Mar 118; *Jul 94*
Material Standards and Testing for Water Cooling Towers, by N. L. Bailiff ....Mar 126
Mathematical Tips for the Beginning Designer, by A. Krapek ....Sep 157
Mechanical Equipment May Vibrate Different Directions Simultaneously (Open for Discussion), by A. Aharoni ....*Jul 94*
Manufacturer Offers Air Pollution Services ....Sep 292
New Graphical Method Determines Operating Points of Parelleled Pumps, by G. G. J. Ferwerda ..Dec 106
New Pumping Concept for Industry . . . Through Solid State Control, by A. A. Mackay ....Feb 89
New Rating Method for Duct Silencers, by D. B. Callaway and M. Hirschorn ....Dec 88
Nomograph Determines Density of Moist or Dry Air, by F. Caplan ....Mar 149
Nomograph Determines Velocity Pressure and Dry Air Density, by F. Caplan ....Feb 121
Nomograph Determines Dew Point, Water Content of Air, by F. Caplan ....Apr 141
Nomograph Determines Effect of Wind Velocity on Overall Coefficient of Heat Transmission, by F. Caplan ....Dec 125

Nomograph Determines Relative Humidity of Air at any Barometric Pressure, by F. Caplan ....Aug 139
Nomographs Give Refined Estimate of Heat Stress Index, by J. S. McKarns and R. S. Brief ....Jan 113; ....*Feb 77; Mar 83*
Past, Present, and Future of Computerized Control in Office Buildings, by N. M. Love ....Mar 184
Protecting Condensers for Winter Operation (Open for Discussion), by L. T. Avery ....*Jul 96*
Pump Packing Leakage and Water Conservation, by E. H. Stubenrauch ....Feb 114
Put Economy into the Economy Air Cycle, by J. D. Kremer ....May 116
R and D is Responsibility of Consulting Engineer (Open for Discussion), by R. C. Ring ....*Feb 69*
Regulations in Effect for Control of Emissions from Federal Installations ....Sep 284
Selected Rain-Wind Relations Applicable to Stack Design, by S. A. Changnon, Jr. ....Mar 93
Selecting Materials, Coatings for Water Cooling Towers, by J. A. Nelson ....Feb 109
Selecting Office Building Air Conditioning Systems for Profitable Investment, by Milton Meckler ....Aug 108
Small Engineering Firms and the Computer, by J. R. Ahart ....Feb 145
Suggests Larger HSI Nomographs for Closer Estimation of Values (Open for Discussion), by R. J. Beaman ....*Mar 83*
Survey Indicates Trends in All-Electric Design ....Apr 110
Symposium: Air Pollution (ASHRAE Goes to Houston for Semiannual Meeting) ....Mar 110
Symposium: Environmental Physiology (ASHRAE Goes to Houston for Semiannual Meeting) ....Mar 112
System Simulation with the Computer, by W. F. Stoecker ....Mar 178
Team Classroom, On-the-Job Training To Produce More Competent Operators, by G. Boncke ....Jan 137; *Apr 82*
The Importance of Thinking Small, by W. C. McCrone and R. Draftz ....Jan 126
The Role of the Computer Service Bureau, by S. S. Lee ....Feb 143

CLEANING, DUST COLLECTION

AACC Meeting Reports on Operating Facilities ....May 122
Agrees in Principle; Differs on Details (Open for Discussion), by O. F. Smith, Jr. ....*Jul 91*
Air Conditioning Design for Graphic Arts Building, by F. F. Stevenson ....Jun 139
Air Sampling System Combines Filter Medium with Computer Card ..May 46
Choose Variable Volume Air System for Tower Office Building's Interior, by W. J. Collins, Jr. ....Feb 85
Clean Air Amendments, Solid Waste Disposal Act Give New Authority to Federal Agencies ....Mar 245
Clean-Up Characteristics and Double Filtration, by J. C. Little ....Apr 111
Compares Problems in Conditioning Pharmaceutical Plant Facilities (Open for Discussion), by G. B. Walden, Jr. ....*Jul 96*
Conference Features Wide Ranging Air Cleaning Program, by P. C. Reist ....Dec 109
Consider Psychological Factors in Evaluating Man's Environment (Open for Discussion), by C. N. Debes ....*Sep 87; Dec 70*
Consider These Methods of Providing Makeup Air in Steel Mill Buildings, by G. S. Reichenbach ....Aug 103
Decentralized Design Provides Flexibility in Pharmaceutical Plant, by L. Smith ....May 134; *Jul 96*
Design and Construction of a Clean Room for Microelectronics Facility, by W. O. Kind ....June 103; *Jul 91*
Engineering Control of Industrial Air Pollution: State of the Art, 1966, by S. C. Rothman, P.E. ....Mar 141; *Apr 82*
Federal Standards To Control Air Pollution from Motor Vehicles Go into Effect in '68 ....Apr 231
Field Erected Fly Ash Collector Moved into Place on Rollers, Shortens Plant Shutdown ....Jul 46
How Mechanical Systems Enable Modern Electronics Manufacturing, by O. F. Smith ....Sep 148
Industrial Air Conditioning: Put Man in Your Plan ....Jul 153
Laminar Flow Testing in High Purity Laboratory, by E. E. Choat ....Jul 141
Mechanical Contractors Need Graduate Course in Psychiatry (Open for Discussion), by H. J. Couch ....*Dec 70*
Minuteman Missile Program Depends on Environmental Control, by W. A. LaGrange ....Apr 133
Missions to Mars Spur Survey of Bioclean Rooms, by J. D. Stockham, D. Roberts, and R. Zastera ....Oct 104
New York Sets Limits for Fluorides in Air (Open for Discussion), by S. C. Rothman ....*Apr 82*
NYU To Study Stack Discharge at Con Ed. ....May 42
Refuse Disposal and the Mechanical Engineer, by J. A. Fife ....Nov 93
Symposium: Air Pollution (ASHRAE Goes to Houston for Semiannual Meeting) ....Mar 110
Temperature, Humidity Control Necessary for Maximum Preservation of Museum Objects ....Nov 48
The Importance of Thinking Small, by W. C. McCrone and R. Draftz ....Jan 126
Varied Uses of Assembly Center Call For Flexible Air Conditioning ..Apr 104

COOLING

A Consulting Engineer's Viewpoints on Energy Systems, by M. G. Gamze ....Dec 120
A Utility Analyzes a Total Energy System, by A. G. Ward ....Dec 116
Air Condition New Post Office Building Under POD Program ....Aug 192
Air Conditioning Design for Graphic Arts Building, by F. F. Stevenson ....Jun 139
Air Curtains Are Accepted; Says System Is Misapplied (Open for Discussion), by G. Asker ....*Jun 98*
Air Curtains Could Be Used to Advantage in Industry (Open for Discussion), by C. F. Mowrey ....*Sep 89*
All-Electric Air Conditioning Serves "Jet Age" High School, by J. C. Penafeather ....Sep 125
All-Electric Schools on the Increase ....Jun 39
All-Electric Systems in Operation ....May 165
An Approach to Economic Analysis of Alternative Refrigeration Systems, by R. F. Loesch Jul 145; *Nov 84*
Annunciator System Guards Lab's Air Conditioning, Processing Equipment ....Feb 106
Application Is Takeoff for Variable Vacuum Design Guides (Open for Discussion), by D. N. Crosthwait, Jr. ....Nov 83
Asks Nature of Outage in Total Energy System (Open for Discussion), by G. F. Kissel, Jr. ....*Aug 78*
Automated Analysis and Design of Cooling Coils, by G. N. Harper ....Apr 165
Central Plant Heats, Air Conditions Enclosed-Mall Shopping Center ....Jun 45
Chicago's John Hancock Center Will Be World's Largest All-Electric Building ....Aug 48
Choose Variable Volume Air System for Tower Office Building's Interior, by W. J. Collins, Jr. ....Feb 85
Clarifies Fan Cycling in Condenser Control (Open for Discussion), by S. M. Dart ....*Jan 102*
Combine Potpourri of Systems, Equipment, Utilities To Air Condition Plant ....Aug 121
Compare Predictions of HSI Under Old and New Systems (Open for Discussion), by H. S. Belding, T. F. Hatch, and B. A. Hertig ....*Feb 77*
Compares Problems in Conditioning Pharmaceutical Plant Facilities (Open for Discussion), by G. B. Walden ....*Jul 96*
Complex To Have Two Air Conditioning Systems, One for 'Round-the-Clock Duty ....Jul 42
Campus Chilled Water Plants — District vs Decentralized, by M. J. Wilson ....Nov 106; *Dec 70*
Compressor: Heart of a Refrigeration Machine, by R. E. Rayner ....Oct 110; Dec 100
Compressor Short Cycling Traced to Faulty Wiring, by A. D. Sullivan ....Mar 133
Computers Will Operate All-Electric Systems in 32 Story Office Building ....Sep 40
Conditioning Space Conditioning Space, by C. K. Whitescarver, Jr. ....Apr 93
Consider Psychological Factors in Evaluating Man's Environment (Open for Discussion), by C. N. Debes ....*Sep 87; Dec 70*
Consider These Methods of Providing Makeup Air in Steel Mill Buildings, by G. S. Reichenbach ....Aug 103
Cooling Towers: Step-Children of Industry, by J. Willa ....Jan 153; *May 82*
Data on SCR Pumping Differ from Those Reported (Open for Discussion), by A. J. Herrmann, Jr. ..Jun 95
Decentralized Design Provides Flexibility in Pharmaceutical Plant, by L. Smith ....May 134; *Jul 96*
Derive Extensive Benefits from Operator Training (Open for Discussion), by R. S. Purvis ....*Apr 84*
Design and Construction of a Clean Room for Microelectronics Facility, by W. O. Kind ....Jun 103; *Jul 91*
Design Water-to-Water Heat Pump for School with Dual Circuited Evaporator, Condenser, by K. Kruchek ....Mar 114
Designing High Reliability into Environmental Systems, by W. Viessman ....Sep 118
Dilemmas in Dealing with Cooling Tower Corrosion, by D. W. Mc-

Dowell, Jr. ....Jun 147
Evaporative Cooling System Design for Dining Halls and Similar Spaces, by S. Agnon ....Nov 143
Experience Shows District Plant Diversity Factor To Be 57% (Open for Discussion), by D. C. Pfeiffer ....*Dec 70*
Finding Heat Gains and Losses by Computer, by R. L. Jackson ....Mar 170
First All-Electric Apartment Building for Manhattan ....Nov 46
Flexibility, Reliability Are Top Considerations in Office Building Design, by J. T. Washburne ....Dec 77
Foamed Glass Cuts Cost of Underground Piping Insulation ....Feb 178
Growing Spacecraft Assembly Complex Expanding Heating, Cooling Capacity ....Dec 40
Has Questions on Motel's Total Energy System (Open for Discussion), by M. G. Gamze ....*Nov 86*
How Mechanical Systems Enable Modern Electronics Manufacturing, by O. F. Smith ....Sep 148
How To Control Refrigerant Condensers, by D. M. Dart, R. E. Cates, and R. B. Miller ....Jun 127
Industrial Air Conditioning: Put Man in Your Plan ....Jul 153
Intermittent High Sensible Loads in Labs; Says Split System Best (Open for Discussion), by R. W. Flanagan ....*Jan 102*
Material Standards and Testing for Water Cooling Towers, by N. L. Bailiff ....Mar 126
Mechanical Contractors Need Graduate Course in Psychiatry (Open for Discussion), by H. J. Couch ....*Dec 70*
Minuteman Missile Program Depends on Environmental Control, by W. A. LaGrange ....Apr 133
Motel's Total Energy System Gives Economy in Operation Jul 118; *Nov 84*
Mt. Vernon High School Revisted, by L. Smith ....Jan 159
Must Control "Iron Rot" In Cooling Towers Also (Open for Discussion), by J. F. DeMonbrun ....*May 82*
New Pumping Concept for Industry . . . Through Solid State Control, by A. A. Mackay ....Feb 89
Newspaper Plant Heating Is Hot Off the Press, by J. P. Bazzoni ....Oct 122
Nomograph Determines Tower Blowdown, Makeup, by F. Caplan ....Oct 145
Nomographs Give Refined Estimate of Heat Stress Index, by J. S. McKarns and R. S. Brief ....Jan 113; *Feb 77; Mar 83*
Offers More Tips on Freeze Protection (Open for Discussion), by S. A. Littman ....*May 82*
Oil Powered Total Energy Provides School with Construction, Operating Cost Savings ....Jul 52
Operating Experience at Rochdale Village, by L. Smith ....Oct 99; *Dec 69*
Past, Present, and Future of Computerized Control in Office Buildings, by N. M. Love ....Mar 184
Preservative Treatment of Cooling Tower Slats, by R. H. Baechler, A. Bendtsen, and H. G. Roth ...Apr 121
Primary, Secondary Air Systems Heat, Cool New Office Building, by H. M. Bennett ....Sep 111
Protecting Condensers for Winter Operation (Open for Discussion), by L. T. Avery ....*Jul 96*
Pump Packing Leakage and Water Conservation, by E. H. Stubenrauch ....Feb 114
Put Economy into the Economy Air Cycle, by J. D. Kremer ....May 116
Select Cooling Tower System for Process Cooling in Smelting Plant, by A. J. Cerofeci and E. N. Seiler ....Nov 126
Selecting Materials, Coatings for Water Cooling Towers, by J. A. Nelson ....Feb 109
Solar, Wind Compensated Bulbs Control Changeover of Zones in High-Rise Apartments, by K. Kruchek ....Jun 114
Split System Design for Round, Octagonal Schools ....Sep 258
Switch from Wet to Electric Heat To Add Cooling at No Extra Cost, by L. Smith ....Aug 128; *Oct 83*
Symposium: Air Conditioning Computer Areas (ASHRAE Goes to Houston for Semiannual Meeting) ....Mar 111
Symposium: Environmental Physiology (ASHRAE Goes to Houston for Semiannual Meeting) ....Mar 112
System Simulation with the Computer by W. F. Stoecker ....Mar 178
Team Classroom, On-the-Job Training To Produce More Competent Operators, by G. Boncke ....Jan 137; *Apr 82*
The Case of the Oil Bound Coils, by C. T. Baker ....Apr 136
The Closed Open Door, by C. L. Herndon ....May 105; *Sep 88*
Use Copper for Flexibility In Daddy-Longlegs Piping for Tower Apartments, by A. L. Munson ....May 124
Use Hot Gas in Hot Deck of Dual Duct Heat Pump System, by L. T. Avery ....Apr 98
Variable Vacuum Steam System Takes Sting out of Perimeter Glass, by J. P. Redd ....Jul 103; *Nov 83*
Varied Uses of Assembly Center Call for Flexible Air Conditioning ....Apr 104
Ventilating Ceiling Application, by J. M. Hemphill ....May 139
What Makes a System a Total Energy System? (Open for Discussion), by R. L. Stinard ....*Dec 69*
Who Will Rate Motel Heating, Cooling?, by L. T. Avery ....Nov 110
Why Not Utilize Diversity, 100 Percent Outside Air Cycle? (Open for Discussion), by R. C. Ring ....*Oct 83*

DISTRIBUTION, VENTILATION

A Generalized Computer Program for Air Duct Analysis, by G. Furgiuele and J. W. Bridges, Jr. ....Apr 178
AACC Meeting Reports on Operating Facilities ....May 122
Agrees in Principle: Differs on Details (Open for Discussion), by O. F. Smith, Jr. ....*Jul 91*
Air Conditioning Design for Graphic Arts Building, by F. F. Stevenson ....Jun 139
Air Curtains Could Be Used to Advantage in Industry (Open for Discussion), by C. F. Mowrey ....*Sep 89*
All-Electric Air Conditioning Serves "Jet Age" High School, by J. C. Penafeather ....Sep 125
Application Is Takeoff for Variable Vacuum Design Guides (Open for Discussion), by D. N. Crosthwait, Jr. ....*Nov 83*
Application Tips for Flexible Tubing, by F. A. Stanton ....Jun 132; *Jul 92*
Can More Pumps Cost Less?, G. H. Avery ....Oct 115
Central Plant Heats, Air Conditions Enclosed-Mall Shopping Center June 45
Centrifugal Fans Control Flying Insects at Bakery's Loading Dock Area ....Sep 46
Chicago Sheet Metal Contractors Against Oval Duct for High Pressures ....Nov 48
Chicago's John Hancock Center Will Be World's Largest All-Electric Building ....Aug 48
Choose Variable Volume Air System for Tower Office Building's Interior, by W. J. Collins, Jr. ....Feb 85
Clean-Up Characteristics and Double Filtration, by J. C. Little ....Apr 111
Combine Potpourri of Systems, Equipment, Utilities To Air Condition Plant ....Aug 121
Compare Predictions of HSI Under Old and New Systems (Open for Discussion), by H. S. Belding, T. F. Hatch, and B. A. Hertig ...*Feb 77*
Compares Problems in Conditioning Pharmaceutical Plant Facilities (Open for Discussion), by G. B. Walden, Jr. ....*Jul 96*
Complex To Have Two Air Conditioning Systems, One for 'Round-the-Clock Duty ....Jul 42
Computer Design of High Velocity Duct Systems, by R. Vandiver, Jr. ....Apr 174
Concerned Over Safety with Plant's Direct-Fired System (Open for Discussion), by G. M. Hama ....*Apr 81*
Conditioning Space Conditioning Space, by C. K. Whitescarver, Jr. ....*Apr 93*
Consider Psychological Factors in Evaluating Man's Environment (Open for Discussion), by C. N. Debes ....*Sep 87; Dec 70*
Consider These Methods of Providing Makeup Air in Steel Mill Buildings, by G. S. Reichenbach ....Aug 103
Decentralized Design Provides Flexibility in Pharmaceutical Plant, by L. Smith ....May 134; *Jul 96*
Design and Construction of a Clean Room for Microelectronics Facility, by W. O. Kind ....Jun 103; *Jul 91*
Designing High Reliability into Environmental Systems, by W. Viessman ....Sep 118
Diffusion and Distribution from Ceiling and Wall Outlets, by H. H. Yousoufian ....Apr 124
Evaporative Cooling System Design for Dining Halls and Similar Spaces, by S. Agnon ....Nov 143
Fan Selection by Computer Techniques, by J. B. Graham ....Apr 168
Flexibility, Reliability Are Top Considerations in Office Building Design, by J. T. Washburne ....Dec 77
Flexible Tube Answer to Prayer, But No Substitute for Sheet Metal (Open for Discussion), by H. J. Couch ....*Jul 92*
Fire Test Glass Fiber Air Ducts, by J. M. Barnhart ....Aug 115
Foamed Glass Cuts Cost of Underground Piping Insulation ....Feb 178
High Pressure Dual Duct System Serves International Airport ....Aug 40
How Can This Static Pressure Reference Sensor Be Improved? Electric Heating, Surge Chamber, Porous Walls, Closed System, by P. H. Allen, Jr. ....Aug 88
How Can This Static Pressure Reference Sensor Be Improved? Here Are Directions for Do-It-Yourself Pick-up, by J. Shih ....Sep 98
How Can This Static Pressure Reference Sensor Be Improved? Operating Problems Inherent In Critical Contral Required, by R. S. Brief ....Sep 96
How Can This Static Pressure Reference Sensor Be Improved? Recom-

mends Weather Protected Head; Higher Elevation, by J. C. Little ....Sep 95
How Can This Static Pressure Reference Sensor Be Improved? Shield Static Probe By Locating in Chamber, by G. Shavit ....Sep 98
How Can This Static Pressure Reference Sensor Be Improved? Solve Problem Through Proper Construction and Location, by N. J. Janisse ....Sep 95
How Can This Static Pressure Reference Sensor Be Improved? Use Scale Model of Building To Combat Varying Wind Directions, by S. Agnon ....Aug 83
How Do You Ventilate Bank Vaults? New Approach Shows Promise For Bank Vault Ventilation, by H. J. Schrei ....Jan 109
How Mechanical Systems Enable Modern Electronics Manufacturing, by O. F. Smith ....Sep 148
How To Dismantle Perchlorate Contaminated Lab Exhaust Systems, by P. A. Breysse and G. Lehman Aug 126
Industrial Air Conditioning: Put Man in Your Plan ....Jul 153
Intermittent High Sensible Loads in Labs; Says Split System Best (Open for Discussion), by R. W. Flanagan ....*Jan 102*
K-State To Determine Factors Affecting Air Distribution from Perforated Ceiling Panels ....Jun 42
Laminar Flow Testing in High Purity Laboratory, by E. E. Choat ....Jul 141
Measuring Fan Noise, by J. B. Graham ....Jun 150
Mechanical Contractors Need Graduate Course in Psychiatry (Open for Discussion), by H. J. Couch ....*Dec 70*
Minuteman Missile Program Depends on Environmental Control, by W. A. LaGrange ....Apr 133
Missions to Mars Spur Survey of Bioclean Rooms, by J. D. Stockham, D. Roberts, and R. Zastera ....Oct 104
Mt. Vernon High School Revisited, by L. Smith ....Jan 159
Must Have Uniform Flow to Grilles and Diffusers (Open for Discussion), by G. D. Kann ....*Nov 90*
New Control Devices Stop Contaminated Air Flow, by S. Agnon ....Aug 131
New Rating Method for Duct Silencers, by D. B. Callaway and M. Hirschorn ....Dec 88
Newspaper Plant Heating Is Hot Off the Press, by J. P. Bazzoni ....Oct 122
Nomograph Determines Density of Moist or Dry Air, by F. Caplan Mar 149
Nomograph Determines Velocity Pressure and Dry Air Density, by F. Caplan ....Feb 121
Nomographs Give Refined Estimate of Heat Stress Index, by J. S. McKarns and R. S. Brief ....Jan 113; *Feb 77; Mar 83*
Operating Experience at Rochdale Village, by Lewis Smith ..Oct 99; *Dec 69*
Primary, Secondary Air Systems Heat, Cool New Office Building, by H. M. Bennett ....Sep 111
Proper Supply Air Distribution on Agenda of Industrial Ventilation Conference ....Feb 180
Put Economy into the Economy Air Cycle, by J. D. Kremer ....May 116
Seeks Comment on Proposed Design for Nuclear Power Plant Construction Permits ....Jan 50
Select Fan To Avoid Surging; Use Grease Lubrication if Possible (Open for Discussion), by C. J. Trickler ....*Jan 102*
Selected Rain-Wind Relations Applicable to Stack Design, by S. A. Changnon, Jr. ....Mar 93
SMACNA Designed Fire Dampers Meet UL, Fire Marshals' Approval ....Jun 39
Solar, Wind Compensated Bulbs Control Changeover of Zones in High-Rise Apartments, by K. Kruchek ....Jun 114
Suggests Larger HSI Nomographs for Closer Estimation of Values (Open for Discussion), by R. J. Beaman ....*Mar 83*
Symposium: Air Conditioning Computer Areas (ASHRAE Goes to Houston for Semiannual Meeting) ....Mar 111
Test Effect of Cushion Heads on Air Distribution, by J. Lynch ....Jul 135; *Nov 90*
The Closed Open Door, by C. L. Herndon ....May 105; *Sep 88*
Use Copper for Flexibility in Daddy-Longlegs Piping for Tower Apartments, by A. L. Munson ....May 124
Use Hot Gas in Hot Deck of Dual Duct Heat Pump System, by L. T. Avery ....Apr 98
Variable Vacuum Steam System Takes Sting Out of Perimeter Glass, by J. P. Redd ....Jul 103; *Nov 83*
Varied Uses of Assembly Center Call For Flexible Air Conditioning ..Apr 104
Ventilating Ceiling Application, by J. M. Hemphill ....May 139
Waste Management Symposium Scheduled ....Feb 181
What Are Advantages of Cushion Heads? Cushion Heads Allow Diffuser Drop To Be Cut into Main at Exact Location, by G. D. Kann ....Mar 89
What Are Advantages of Cushion Heads? Cushion Heads Reduce Turbulence; Recommends Cushion Lengths, by H. B. Wayne ....Mar 89
What Are Advantages of Cushion Heads? No Advantages for Cushion Head in Air Distribution Smoke Tests, by I. A. Naman ....Mar 89
What Are Advantages of Cushion Heads? Uses Cushion Heads in All Work; Gets Good Results on All Counts, by R. W. Haines ....Jan 107

HUMIDIFYING, DEHUMIDIFYING

Agrees in Principle; Differs on Details (Open for Discussion), by O. F. Smith Jr. ....*Jul 91*
Air Conditioning Design for Graphic Arts Building, by F. F. Stevenson ....Jun 139
Automated Analysis and Design of Cooling Coils, by G. N. Harper ....Apr 165
Charts Aid Design of Ventilation for Unvented Gas-Fired Infrared Heating, by W. H. Best and E. C. Woodward, Jr. ....Jan 161
Chemical Dehumidification Protects Microfilm Records Stored in Mountain Vaults, by N. W. Clayton and G. H. Fudge ....Oct 127
Choose Variable Volume Air System for Tower Office Building's Interior, by W. J. Collins, Jr. ....Feb 85
Cites Results of Studies Showing Importance of Humidity Control (Open for Discussion), by W. Viessman ....*May 84*
Compare Predictions of HSI Under Old and New Systems (Open for Discussion), by H. S. Belding, T. F. Hatch, and B. A. Hertig ....*Feb 77*
Compares Problems in Conditioning Pharmaceutical Plant Facilities (Open for Discussion), by G. B. Walden ....*Jul 96*
Conditioning Space Conditioning Space, by C. K. Whitescarver, Jr. ....Apr 93
Decentralized Design Provides Flexibility in Pharmaceutical Plant, by L. Smith ....May 134; *Jul 96*
Design and Construction of a Clean Room for Microelectronics Facility, by W. O. Kind ....Jun 103; *Jul 91*
Holds Contrasting Opinions on Capabilities of Air Washers (Open for Discussion), by J. Everetts, Jr. ....*Mar 84*
How Mechanical Systems Enable Modern Electronics Manufacturing, by O. F. Smith ....Sep 148
How To Select Humidity Measuring and Control Equipment, by F. C. Quinn ....Jul 107
Humidity: Its Effects and Control, by H. Alstodt ....Feb 93; *May 84*
Minuteman Missile Program Depends on Environmental Control, by W. A. LaGrange ....Apr 133
Nomograph Determines Density of Moist or Dry Air, by F. Caplan ....Mar 149
Nomograph Determines Dew Point, Water Content of Air, by F. Caplan ....Apr 141
Nomograph Determines Relative Humidity of Air at Any Barometric Pressure, by F. Caplan ....Aug 139
Nomographs Give Refined Estimate of Heat Stress Index, by J. S. McKarns and R. S. Brief ....Jan 113; *Feb 77; Mar 83*
Put Economy into the Economy Air Cycle, by J. D. Kremer ....May 116
Semi-Automatic Timer Heating Distribution Cuts Fuel Oil Use ....Oct 206
Symposium: Air Conditioning Computer Areas (ASHRAE Goes to Houston for Semiannual Meeting) ....Mar 111
Temperature, Humidity Control Necessary for Maximum Preservation of Museum Objects ....Nov 48
Use Copper for Flexibility in Daddy-Longlegs Piping for Tower Apartments, by A. L. Munson ....May 124
Use Hot Gas in Hot Deck of Dual Duct Heat Pump System, by L. T. Avery ....Apr 98
Varied Uses of Assembly Center Call For Flexible Air Conditioning ..Apr 104

ODORS, STERILIZATION, IONIZATION

Agrees in Principle; Differs on Details (Open for Discussion), by O. F. Smith Jr. ....*Jul 91*
Compares Problems in Conditioning Pharmaceutical Plant Facilities (Open for Discussion), by G. B. Walden ....*Jul 96*
Decentralized Design Provides Flexibility in Pharmaceutical Plant, by L. Smith ....May 134; *Jul 96*
Design and Construction of a Clean Room for Microelectronics Facility, by W. O. Kind ....Jun 103; *Jul 91*
Missions to Mars Spur Survey of Bioclean Rooms, by J. D. Stockham, D. Roberts, and R. Zastera ....Oct 104
Varied Uses of Assembly Center Call For Flexible Air Conditioning ..Apr 104

GENERAL

A Consulting Engineer's Viewpoints on Energy Systems, by M. G. Gamze ..... Dec 120
A Strategy for Competitive Bidding, by J. Horowitz ..... Sep 136
A Utility Analyzes a Total Energy System, by A. G. Ward ..... Dec 116
AACE Holds Annual Meeting in Philadelphia ..... Aug 137
AGA Reports on School Gas Heating ..... Sep 292
AGA Will Construct New Appliance Testing Laboratories Near Cleveland ..... Sep 50
Air Curtains Could Be Used To Advantage in Industry (Open for Discussion), by C. F. Mowrey ..... *Sep 89*
All-Electric Air Conditioning Serves "Jet Age" High School, by J. C. Penafeather ..... Sep 124
An Automated System for Spec Writing, by G. N. Harper ..... Nov 101; *Dec 69*
Anderson Award to Jordan (ASHRAE Goes to Houston for Semiannual Meeting) ..... Mar 111
API Conference on Distillate Fuel Combustion Will Examine Developments in Oil-Firing ..... Jun 58
ARI Agrees with MCA in "Prefab" Equipment On-Site Changes ..... Jan 54
ARI Renames Training Committee, Will Determine Industry's Manpower Needs ..... Apr 238
ARI To Inaugurate Certification Program for Heating, Cooling Coils ..... May 40
ASHRAE Installs Bouillon, Names McGrath President-Elect ..... Aug 39
ASHRAE's New Award for Public Service ..... Apr 230
ASHRAE Project To Explore Effect of Thermal Environment on Productivity ..... Mar 246
ASHRAE Will Gather at Toronto in June ..... May 46
Best Performance, Economy in New Buildings Is Goal in Developing Computer Language ..... Nov 46
Blum, Herman, Named President of Automated Procedures for Engineering ..... Jul 52
BRI To Hold Spring Conferences ..... Apr 234
Britons Use Electric Fires To Top Up Central Systems, by R. H. Nevins ..... Jul 123
Building Contractor Failures Reported ..... Jul 46
Building Inspector Training Classes ..... Sep 50
Calif. MCA Elects Pierce President ..... Mar 50
Can More Pumps Cost Less?, by G. H. Avery ..... Oct 115
CEC Celebrates a Decade of Progress, Installs President ..... Jun 52
Changes in Workmen's Compensation Laws ..... Jul 44
Cherne Elected MCAA President, Kearney Receives Distinguished Service Award ..... Jun 40
Chicago Mechanical Contractors Endorse Preliminary Examination of Building Plans ..... Jul 46
Cites Good Experience with Organic Heat Transfer Fluids (Open for Discussion), by P. L. Geiringer ..... *Jan 101*
COBESTCO: Important Estimating Tool for the Mechanical Contractor, by L. R. Shaffer ..... Oct 92; *Nov 83*
Combine Potpourri of Systems, Equipment, Utilities To Air Condition Plant ..... Aug 121
Compares Insolation Data at University of Kentucky (Open for Discussion), by E. B. Penrod ..... *Oct 83*
Computer Can Aid Bid Estimating ..... Jun 45
Conference Features Wide Ranging Air Cleaning Program, by P. C. Reist ..... Dec 109
Conference on Energy Sources ..... Aug 46
Construction Expenditures Expected To Reach $100 Billion This Year ..... Sep 52
Consulting Engineer Named Professor of Architectural Engineering at Penn ..... Jan 329
Consulting Engineers Council Will Meet in Tulsa, May 3-6 ..... Apr 105
Contractor Must Avoid Liability for Defects in Engineer's Design (Open for Discussion), by L. Aksman ..... *May 76*
Controls, Not Tank Strength Is Key to Water Heater Safety (Open for Discussion), by J. R. Thomson *Oct 84*
Dedicate Gas Total Energy Building ..... Mar 50
Developments in Refrigeration Compressor Design To Be Covered at Western Conference ..... Feb 40
Don't Overlook Makeup Air in Remodeling Projects (Open for Discussion), by R. L. Ladner ..... *Jan 101*
Electric Heating Conference, Exhibit ..... Feb 180
Electric Space Conditioning Institute Opens Air Conditioning Test Laboratory ..... Mar 46
Electrification Council Expands ..... Apr 232
Engineer Tells Impressions of U.S.; Offers To Work Free as Designer (Open for Discussion), by C. Dechert ..... *Apr 81*
Engineering Graduates Find Job Prospects Bright ..... Mar 244
Engineers, Architects Must Keep Pace with Technology or Lose Out to Manufacturer, Dealer ..... Jun 41
Ethics of the Total Environmental System, by C. B. Grund, Jr. ..... Dec 113
Facility Established for Testing Heat Removal of Air Diffusing Light Troffers ..... Oct 48
Feels Better Control Accounts for Lower Steam Consumption (Open for Discussion), by S. Koenig ..... *Mar 84*
Fine Wire Welding Shows Promise; Must Train More Welders To Use It (Open for Discussion), by W. C. Lilly ..... *May 77*
Fire Test Glass Fiber Air Ducts, by J. M. Barnhart ..... Aug 115
Future Planning by a Mechanical Contractor Discussed at I=B=R Meeting ..... Feb 183
Gas-Fired Duct Furnace: Versatile and Economical Heating Package, by R. W. Qualley and R. L. Thompson ..... Nov 120; Dec 96
Gas Industry To Spend $8.2 Billion for Construction in Next Four Years ..... Oct 56
GATE Reports Progress in Five Areas ..... Jun 143
Give the Right Answers To Get the Right Pump, by J. A. Cable ..... Mar 236
Government To Study 6 Percent Limitation on Engineer-Architect Fee ..... Oct 52
Great Cost Reduction Potential Using Computer To Prepare Specs (Open for Discussion), by R. L. Jackson ..... *Dec 69*
Hide Heating and Cooling Equipment in Roof of New Church ..... Oct 48
How District Heating Serves Finnish City of 20,000, by V. Santala ..... Sep 129
How Mechanical Systems Enable Modern Electronics Manufacturing, by O. F. Smith ..... Sep 148
HPAC Computer Conference Report: First Session ..... Feb 131
HPAC Computer Conference Report: Second Session ..... Mar 169
HPAC Computer Conference Report: Third Session ..... Apr 164
HPAC CONTRACTORS: Experts Can Help You Make More Money, by Jack Haskett ..... Jan 150
I=B=R Hydronic Heating Schools ..... Nov 54
I=B=R Publishes Snow Melting Guide ..... Apr 231
Impedance Heating, Modern Pump-Heater Packages Make No. 6 Oil Automatic, Trouble-free, by R. A. Protheroe ..... Jun 136; *Oct 86*
Industrial and Commercial Water Treatment Is $770 Million Business ..... May 39
Industrial Environment for Man Will Be Keynote Talk at ASHRAE Meeting Next Month ..... Dec 42
Infrared Units Heat Warehouse Converted to Manufacturing Space ..... Dec 154
Integrated Systems, Total Energy To Play Key Role in Future Building ..... Jan 47
ITT Establishes New Department of Environmental Engineering ..... Dec 166
Joint Corporation Formed To Install, Own, and Operate Total Energy Systems ..... Nov 54
Joint Private Engineer-Government Agency Group Proposed To Study Role in Overseas Work ..... Nov 50
Kennedy, Walter W., Forms Consulting Firm ..... May 44
Korte, Huck Assume New Editorial Posts ..... Feb 40
Makeup Water to Closed Circuit Should Be Softened To Prevent Scale (Open for Discussion), by E. H. Kinelski ..... *Dec 70*
MCAA, ARI Support Boiler Manufacturers' Petition Against Union Secondary Boycotts ..... May 42
MCAA Convention To Be Held May 8-12 ..... May 40
MCAA Northwest Ohio Chapter Formed ..... Jun 42
MCAA Seeks Inquiry of St. Louis UA Local ..... Feb 44
MCAA's Kromer Calls For New Plan in Obtaining Apprentices in Industry ..... Sep 39
MCCA Sees Better Building Through Training of Construction Supervisors ..... Oct 58
McGrath Assumes ASHRAE Presidency Following Death of Lincoln Bouillon ..... Nov 43
Metal Pan Radiant Ceilings Serve Institute for Crippled Children, by L. T. Avery ..... Oct 130
MSCA Elects Connelly Chairman ..... Jan 56
NAPHCC To Hold 84th Annual Convention ..... Jun 54
National Trade School Association

Establishes Accreditation Program ....Nov 52
Natkin & Co., B & G Olsen Merge ....May 48
Nesbitt Receives ASHRAE Alco Award ....Aug 46
New Air Balance Council Expects To Standardize Balancing Procedures .. ....Feb 39
New CEC Committee on Building Technology ....Nov 52
New Organization Plans To Accredit Private Trade and Technical Schools ....May 46
New York State Power Pool Formed ....Oct 50
Newly Formed Institute Supersedes ASA, Will Accelerate Output Of National Standards ....Oct 220
Newly Incorporated Firm To Design, Install, Operate Total Energy Systems .... May 48
Newspaper Plant Heating Is Hot Off the Press, by J. P. Bazzoni ....Oct 122
NFPA Interprets Use of Fire Dampers In Commerical Air Conditioning Systems ....Apr 236
90/10 Copper-Nickel Tubes for Steam and HTW Heated Shell and Tube Heat Exchangers, by E. H. Kinelski ....Sep 143; *Nov 90; Dec* 70
1965 Volume Index for HPAC ....Feb 44
NLRB Hearings in Progress on Unit Fabrication Dispute ....Jul 41
No. 6 Fuel Oil, Properly Heated, Proves Advantageous (Open for Discussion), by A. A. Abrahams ....*Oct* 86
NOFI Contracts with Government To Train 500 as Oil Heating Technicians ....Jul 48
NWAHACA (Equity) Moves to ARI Hq. ....Jul 44
NYU To Study Stack Discharge at Con Ed ....May 42
Offers More Tips on Freeze Protection (Open for Discussion), by S. A. Littmann ....*May* 82
Operating Experience at Rochdale Village, by L. Smith ....Oct 99; *Dec* 69
Outline for Study of Building Codes ....Nov 48
Piping Industry Development Council Contracts for Program Services from PHCIB ....May 44
Plant Air Conditioning Startup, by S. F. Commons ....Oct 133
Plant Engineering and Maintenance Show, Conference: IIC Building Exposition To Be Held ....Feb 42
Plant Engineering Conference Will Examine Heating and Air Conditioning Problems ....Nov 52
Praises Success of Boiler Safety Society ....Feb 181
Prevent Calcium Deposits on Cu-Ni Heat Exchanger Tubes (Open for Discussion), by A. W. Lippitt ..*Nov* 90
Primary, Secondary Air Systems Heat, Cool New Office Building, by H. M. Bennett ....Sep 111
Producers' Council Meeting Will Probe Manpower Problems, Industry Challenges ....Sep 288
Promotional Practices of Utilities To Be Investigated; Hearings Will Take Months ....Sep 44
Proposed Bill Will Result in Higher Taxes, Federal Control of Unemployment Comp ....Feb 184
Recent Government Directive To Protect Subcontractors from Bid-Shopping Practices ....Jan 329
Recommends Use of Ad Counsel to Fellow Mechanical Contractors (Open for Discussion), by E. A. McGavock ....*Jan* 101
Refuse Disposal and the Mechanical Engineer, by J. A. Fife ....Nov 93
Report on Continuing Engineering Studies ....Jun 47
Report on Heating Oil Consumption ....Nov 229
Report Summarizes Findings of National Conference on Creative Engineering Education ....Nov 44
Report Underground Gas Storage Capacity ....Aug 50
Reports Consensus of Engineers On Engineering Education (Open for Discussion), by A. A. Abrahams ....*Sep* 88
Rickabaugh Elected I=B=R Chairman ....Oct 56
Rooftop Total Energy System for California Trade Center Building ....Oct 54
Save Space, Time, Money with Microfilmed Drawings, by L. T. Avery ....Sep 116
Seven Reappointed to HPAC Board of Consulting, Contributing Editors ....Mar 39
"Simulated Occupant" Used To Find Occupancy Limit in Fallout Shelters ....Dec 37
Solar Energy: Its Use and Control, by J. I. Yellott ....Sep 101; *Oct 83;* Oct 135
Solar Energy Society Will Meet in Boston ....Mar 248
Study Shows Engineering Students Need More Technical Summer Work ....Feb 39
Survey Hints at Computer Trend ..Oct 56
Temperature, Humidity Control Necessary for Maximum Preservation of Museum Objects ....Nov 48
The ARI Exposition, Louisville, Ky., Jan 31-Feb 3 ....Jan 179
The Closed Open Door, by C. L. Herndon ....May 105; *Sep* 88
The Influence of Radiant Energy Transfer on Human Comfort, by R. E. Boyar ....Jun 109
Third International Heat Transfer Conference and Exhibit, August 7-12 ....Jul 50
300 Plus Hear Economics, Use of All-Electric and Total Energy Systems ....Nov 56
Tips on Cost Estimating and Tool Costs and Control ....Aug 112
U.A. Honors Top Apprentices, Graduates 70 Instructors at Purdue ....Oct 45
Uniform Building Code for 1967 Will Contain Mechanical Code for Municipalities ....Dec 40
Urges Industry Support of Standards ....Jan 330
U.S. Nuclear Electric Generating Capacity Set at 95 MWe in 1980 ....Nov 43
Use Computer To Minimize Estimating Time and Risk (Open for Discussion), by O. B. Hammers ....*Nov* 83
Visual Aids Can Enhance Presentation of Technical Papers, by J. T. Cleckley ....Sep 141
Wanted: Engineers Experienced in Laboratory Animal Facilities ....Jan 54
What Effect Will Current Trends in Engineering Education Have on Industry, by D. C. Pfeiffer ....May 133; *Sep* 87
What Makes a System a Total Energy System? (Open for Discussion), by R. L. Stinard ....*Dec* 69
Who Will Rate Motel Heating, Cooling?, by L. T. Avery ....Nov 110

FUNDAMENTAL

A Consulting Engineer's Viewpoints on Energy Systems, by M. G. Gamze ....Dec 120
An Introduction to Digital Computers, by M. H. Ehlers ....Feb 132
Annunciator System Guards Lab's Air Conditioning, Processing Equipment ....Feb 106
Applications of Special Purpose Analogs to Thermal Design Problems, by G. H. Green ....Feb 138
Approximating Cost, Capacity, by C. B. Bernstrom, P.E. ....Jul 138
Charts Aid Design of Ventilation for Unvented Gas-Fired Infrared Heating, by W. H. Best and E. C. Woodward, Jr. ....Jan 161
Cites Results of Studies Showing Importance of Humidity Control (Open for Discussion), by W. Viessman ....May 84

What Safety Measures Are Used in Push-Pull MTW System? (Open for Discussion), by R. G. Vanderweil .....*Aug* 75

DISTRICT & CENTRAL

Air Conditioning Design for Graphic Arts Building, by F. F. Stevenson .....Jun 139
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Flashing at a Point Possible, but Pressurization Should Prevent It, by J. R. Carroll .....Apr 88
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Have Not Experienced Phenomenon Described, by J. R. Kell .....Apr 87
Can HTW Flash When System Is Properly Pressurized with Nitrogen? HTW Cannot Flash If System Pressure Exceeds the Sum of the Heads, by H. d'Autremont .....Apr 88
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Local Flashing Can Occur; Calculate Maximum Static Pressure Reductions, by H. L. Tamm .....May 89
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Design Guidelines To Prevent Flashing, by G., Stabenow .....Apr 90
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Make Sure Control Device Is Downstream from Heat Exchanger, by E. G. Hansen .....Apr 87
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Points Out Precautions To Prevent Local Flashing, by W. Diskant .....May 89
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Tells of Flashing Troubles In HTW System, by S. A. Kuli .....Apr 88
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Tells Safeguards To Prevent Flashing, by H. B. Wayne .....May 90
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Valve Would Have To Be Tremendously Undersized, by A. Krapek .....Apr 88
Central Plant Heats, Air Conditions Enclosed-Mall Shopping Center .....Jun 45
District Steam Sales Reported, Bruce Installed as President at NDHA Meeting .....Aug 42
Does HTW System Require a Standby Expansion Drum? Eliminate Need for Standby by Eliminating Expansion Drum, by G. Stabenow .....Dec 73
Does HTW System Require a Standby Expansion Drum? Sees Only Problems with Second Expansion Drum, by E. C. Hansen .....Dec 74
How District Heating Serves Finnish City of 20,000, by V. Santala ..Sep 129
NYU To Study Stack Discharge at Con Ed. .....May 42
Offers More Tips on Freeze Protection (Open for Discussion), by S. A. Littmann .....*May* 82
Operating Experience at Rochdale Village, by L. Smith ....Oct 99; *Dec* 69
Points Out Precautions for Use of Organic Heat Transfer Fluids (Open for Discussion), by G. M. Hama .....*Feb* 79
Prevent Calcium Deposits on Cu-Ni Heat Exchanger Tubes (Open for Discussion), by A. W. Lippitt ..*Nov* 90
Push-Pull Pumping Permits Use of MTW in Building Radiation, by E. G. Hansen .....May 97
Refuse Disposal and the Mechanical Engineer, by J. A. Fife .....Nov 93
Thinks Organic Fluid Misapplied; Raises Multitude of Questions (Open for Discussion), by G. A. Udolf .....*May* 78
What Makes a System a Total Energy System? (Open for Discussion), by R. L. Stinard .....*Dec* 69
What Safety Measures Are Used in Push-Pull MTW System? (Open for Discussion), by R. G. Vanderweil .....*Aug* 75

ELECTRIC

A Consulting Engineer's Viewpoints on Energy Systems, by M. G. Gamze .....Dec 120
Adds All-Electric Design Data To Complete the Report (Open for Discussion), by R. S. Wissler .....*Jun* 100
All-Electric Air Conditioning Serves "Jet Age" High School, by J. C. Penafeather .....Sep 124
All-Electric Schools on the Increase .....Jun 39
All-Electric Systems in Operation .....May 165
Chemical Dehumidification Protects Microfilm Records Stored in Mountain Vaults, by N. W. Clayton and G. H. Fudge .....Oct 127
Chicago's John Hancock Center Will Be World's Largest All-Electric Building .....Aug 48
Choose Rooftop Units for All-Electric Warehouse Heating .....Jun 124
Choose Variable Volume Air System for Tower Office Building's Interior, by W. J. Collins, Jr. .....Feb 85
Computers Will Operate All-Electric Systems in 32 Story Office Building .....Sep 40
Conditioning Space Conditioning Space, by C. K. Whitescarver, Jr. .....Apr 93
Design Water-toWater Heat Pump for School with Dual Circuited Evaporator, Condenser, by K. Kruchek .....Mar 114
Ethics of the Total Environmental System, by C. B. Grund, Jr. ....Dec 113
Facility Established for Testing Heat Removal of Air Diffusing Light Troffers .....Oct 48
First All-Electric Apartment Building for Manhattan .....Nov 46
Future Planning by a Mechanical Contractor Discussed at I=B=R Meeting .....Feb 183
Newspaper Plant Heating Is Hot Off the Press, by J. P. Bazzoni .....Oct 122
Survey Indicates Trends in All-Electric Design .....Apr 110
Switch from Wet to Electric Heat To Add Cooling at No Extra Cost, by L. Smith .....Aug 128; *Oct* 83
2000 Tons of Cooling, 700,000 cfm of Air Control Temperatures in Machine Tool Plant .....Oct 50
Use Hot Gas in Hot Deck of Dual Duct Heat Pump System, by L. T. Avery .....Apr 98

HOT WATER

A Consulting Engineer's Viewpoints on Energy System, by M. G. Gamze .....Dec 120
A Utility Analyzes a Total Energy System, by A. G. Ward .....Dec 116
Air Conditioning Design for Graphic Arts Building, by F. F. Stevenson .....Jun 139
All-Electric Air Conditioning Serves "Jet Age" High School, by J. C. Penafeather .....Sep 124
All-Electric Systems in Operation .....May 165
Asks Nature of Outage in Total Energy System (Open for Discussion), by G. F. Kissel, Jr. .....*Aug* 78
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Design Guidelines To Prevent Flashing, by G. Stabenow .....Apr 90
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Flashing at a Point Possible, but Pressurization Should Prevent It, by J. R. Carroll .....Apr 88
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Have Not Experienced Phenomenon Described, by J. R. Kell .....Apr 87
Can HTW Flash When System Is Properly Pressurized with Nitrogen? HTW Cannot Flash If System Pressure Exceeds the Sum of the Heads, by H. d'Autremont .....Apr 88
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Local Flashing Can Occur; Calculate Maximum Static Pressure Reductions, by H. L. Tamm .....May 89
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Make Sure Control Device Is Downstream from Heat Exchanger, by E. G. Hansen .....Apr 87
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Points Out Precautions To Prevent Local Flashing, by W. Diskant .....May 89
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Tells of Flashing Troubles In HTW System, by S. A. Kuli .....Apr 88
Can HTW Flash When System Is Properly Pressurized with Nitrogen? Tells Safeguards To Prevent Flashing, by H. B. Wayne .....May 90
Can HTW Flash When System Is Properly Presurized with Nitrogen? Valve Would Have To Be Tremendously Undersized, by A. Krapek .....Apr 88
Can More Pumps Cost Less?, by G. H. Avery .....Oct 115
Central Plant Heats, Air Conditions Enclosed-Mall Shopping Center Jun 45
Chicago's John Hancock Center Will Be World's Largest All-Electric Building .....Aug 48
Choose Variable Volume Air System for Tower Office Building's Interior, by W. J. Collins, Jr. .....Feb 85

Combine Potpourri of Systems, Equipment, Utilities To Air Condition Plant ....Aug 121
Commends HTW Design, Asks for More Data (Open for Discussion), by A. Krapek ....*Jul* 98
Compares Problems in Conditioning Pharmaceutical Plant Facilities (Open for Discussion), by G. B. Walden, Jr. ....*Jul* 96
Conditioning Space Conditioning Space, by C. K. Whitescarver, Jr. ....Apr 93
Data on SCR Pumping Differ from Those Reported (Open for Discussion), by A. J. Herrmann, Jr. ..Jun 95
Decentralized Design Provides Flexibility in Pharmaceutical Plant, by L. Smith ....May 134; *Jul* 96
Design HTW System for University of Nevada, by H. d'Autremont .... Mar 99; *Sep* 87
Does HTW System Require a Standby Expansion Drum? Eliminate Need for Standby by Eliminating Expansion Drum, by G. Stabenow ....Dec 73
Does HTW System Require a Standby Expansion Drum? Sees Only Problems with Second Expansion Drum, by E. C. Hansen ....Dec 74
Flexibility, Reliability Are Top Considerations in Office Building Design, by J. T. Washburne ....Dec 77.
Future Planning by a Mechanical Contractor Discussed at I=B=R Meeting ....Feb 183
Growing Spacecraft Assembly Complex Expanding Heating, Cooling Capacity ....Dec 40
Has Questions on Motel's Total Energy System (Open for Discussion), by M. G. Gamze ....*Nov* 86
How District Heating Serves Finnish City of 20,000, by V. Santala ..Sep 129
How Mechanical Systems Enable Modern Electronics Manufacturing, by O. F. Smith ....Sep 148
How To Design and Control Ethylene Glycol Heating Systems, by G. F. Carlson ....Jan 140
How To Pack Pumps and Valves for HTW Service, by L. P. Bertrand ....Jul 132
I=B=R Hydronic Heating Schools ....Nov 54
Makeup Water to Closed Circuit Should Be Softened To Prevent Scale (Open for Discussion), by E. H. Kinelski ....*Dec* 70
MCAA, ARI Support Boiler Manufacturers' Petition Against Union Secondary Boycotts ....May 42
Metal Pan Radiant Ceilings Serve Institute for Crippled Children, by L. T. Avery ....Oct 130
Motel's Total Energy System Gives Economy in Operation Jul 118; *Nov* 83
New Graphical Method Determines Operating Points of Paralleled Pumps, by G. G. J. Ferwerda ..Dec 106
New Pumping Concept for Industry . . . Through Solid State Control by, A. A. Mackay ....Feb 89
Newspaper Plant Heating Is Hot Off the Press, by J. P. Bazzoni ....Oct 122
90/10 Copper-Nickel Tubes for Steam and HTW Heated Shell and Tube Heat Exchangers, by E. H. Kinelski ....Sep 143; *Nov 90; Dec* 70
Oil Powered Total Energy Provides School with Construction, Operating Cost Savings ....Jul 52
Operating Experience at Rochdale Village, by L. Smith ....Oct 99; *Dec* 69
Piping Diagram Clarifies Approach to Apartment Heating (Open for Discussion), by L. S. Ries ....*Mar* 83
Primary, Secondary Air Systems Heat, Cool New Office Building, by H. M. Bennett ....Sep 111
Pump Packing Leakage and Water Conservation, by E. H. Stubenrauch ....Feb 114
Push-Pull Pumping Permits Use of MTW in Building Radiation, by E. G. Hansen ....May 97
Series-Loop Radiation Requires Less Piping (Open for Discussion), by F. Beck ....*Jan* 104
Solar, Wind Compensated Bulbs Control Changeover of Zones in High-Rise Apartments, by K. Kruchek ....Jun 114
Study Reveals Hot Water Heating Needs in Pennsylvania Schools ..Jul 212
The Case of the Dangerous Hot Water Tank, by C. T. Baker ....Jul 122; *Oct* 84
The Influence of Radiant Energy Transfer on Human Comfort, by R. E. Boyar ....Jun 109
2000 Tons of Cooling, 700,000 cfm of Air Control Temperatures in Machine Tool Plant ....Oct 50
Use Copper for Flexibility in Daddy-Longlegs Piping for Tower Apartments, by A. L. Munson ....May 124
Varied Uses of Assembly Center Call For Flexible Air Conditioning ..Apr 104
Wants More Information on University's HTW System (Open for Discussion), by R. A. Buckingham ....*Sep* 87
What Safety Measures Are Used In Push-Pull MTW System? (Open for Discussion), by R. G. Vanderweil ....*Aug* 75
When Are Expansion Joints More Economical Than Loops? Design Engineer Must Make Evaluation for Each System, by G. J. Jarik ....Jan 110

STEAM (INCLUDING VACUUM & VAPOR)

A Utility Analyzes a Total Energy System, by A. G. Ward ....Dec 116
Application Is Takeoff for Variable Vacuum Design Guides (Open for Discussion), by D. N. Crosthwait, Jr. ....*Nov* 83
Case Histories Illustrate Potential Economic Losses in Industrial Steam Plants, by A. L. Waterman ....Mar 129
District Steam Sales Reported, Bruce Installed as President at NDHA Meeting ....Aug 42
Feels Better Control Accounts For Lower Steam Consumption (Open for Discussion), by S. Koenig ....*Mar* 84
Flexibility, Reliability Are Top Considerations in Office Building Design, by J. T. Washburne ....Dec 77
Makeup Water to Closed Circuit Should Be Softened To Prevent Scale (Open for Discussion), by E. H. Kinelski ....*Dec* 70
MCAA, ARI Support Boiler Manufacturers' Petition Against Union Secondary Boycotts ....May 42
90/10 Copper-Nickel Tubes for Steam and HTW Heated Shell and Tube Heat Exchangers, by E. H. Kinelski ....Sep 143; *Nov 90; Dec* 70
Nomograph Determines Saturated Steam Flow, by F. Caplan ....Nov 133
Prevent Calcium Deposits on Cu-Ni Heat Exchanger Tubes (Open for Discussion), by A. W. Lippitt ...*Nov* 90
Size Pressure Reducing Steam Valves Correctly, by R. Schipper ....Sep 114
SMACNA Designed Fire Dampers Meet UL, Fire Marshals' Approval ....Jun 39
Steam and Condensate Return Line Corrosion, by M. F. Obrecht ....Mar 137
2000 Tons of Cooling, 700,000 cfm of Air Control Temperatures in Machine Tool Plant ....Oct 50
Variable Vacuum Steam System Takes Sting Out of Perimeter Glass, by J. P. Redd ....Jul 103; *Nov* 83
What Makes a System a Total Energy System? (Open for Discussion), by R. L. Stinard ....*Dec* 69
When Are Expansion Joints More Economical Than Loops? Design Engineer Must Make Evaluation for Each System, by G. J. Jarik ....Jan 110

WARM AIR

A Generalized Computer Program for Air Duct Analysis, by G. Furgiuele and J. W. Bridges, Jr. ....Apr 178
AACC Meeting Reports on Operating Facilities ....May 122
Air Curtains Are Accepted; Says System Is Misapplied (Open for Discussion), by G. Asker ....*Jun* 98
Air Curtains Could Be Used to Advantage in Industry (Open for Discussion), by C. F. Mowrey ....*Sep* 89
Choose Variable Volume Air System for Tower Office Building's Interior, by W. J. Collins, Jr. ....Feb 85
Combine Potpourri of Systems, Equipment, Utilities To Air Condition Plant ....Aug 121
Compares Problems in Conditioning Pharmaceutical Plant Facilities (Open for Discussion), by G. B. Walden, Jr. ....*Jul* 96
Computer Design of High Velocity Duct Systems, by R. Vandiver, Jr. ....Apr 174
Conditioning Space Conditioning Space, by C. K. Whitescarver, Jr. ....Apr 93
Consider These Methods of Providing Makeup Air in Steel Mill Buildings, by G. S. Reichenbach ....Aug 103
Decentralized Design Provides Flexibility in Pharmaceutical Plant, by L. Smith ....May 134; *Jul* 96
Diffusion and Distribution from Ceiling and Wall Outlets, by H. H. Yousoufian ....Apr 124
Fan Selection by Computer Techniques, by J. B. Graham ....Apr 168
Fire Test Glass Fiber Air Ducts, by J. M. Barnhart ....Aug 115
Gas-Fired Duct Furnace: Versatile and Economical Heating Package, by R. W. Qualley and R. L. Thompson ....Nov 120; Dec 96
Measuring Fan Noise, by J. B. Graham ....Jun 150
Nomograph Determines Velocity Pressure and Dry Air Density, by F. Caplan ....Feb 121
Nomograph Determines Density of Moist or Dry Air, by F. Caplan ....Mar 149
Select Fan To Avoid Surging; Use Grease Lubrication if Possible (Open for Discussion), by C. J. Trickler ....*Jan* 102
SMACNA Designed Fire Dampers Meet UL, Fire Marshals' Approval ....Jun 39
The Closed Open Door, by C. L. Herndon ....May 105; *Sep* 88
The Influence of Radiant Energy Transfer on Human Comfort, by R. E. Boyar ....Jun 109

Use Copper for Flexibility In Daddy-Longlegs Piping for Tower Apartments, by A. L. Munson .....May 124
Use Hot Gas in Hot Deck of Dual Duct Heat Pump System, by L. T. Avery .....Apr 98
Ventilating Ceiling Application, by J. M. Hemphill .....May 139
What Are Advantage of Cushion Heads? Uses Cushion Heads in All Work; Gets Good Results on All Counts, by R. W. Haines .....Jan 107

GENERAL

A Method for Calculating Piping Flexibility, by R. G. Fenton ..... Jun 118; *Jul 92*
A Strategy for Competitive Bidding, by J. Horowitz .....Sep 136
A Switch from Hot to Cold Pipe Bending, by M. W. Meierhoff ..Nov 214
AACE Holds Annual Meeting in Philadelphia .....Aug 137
AEC Terminates Reactor Project ..Mar 50
Aluminum Welding Seminar Next Month .....Jan 50
An Automated System for Spec Writing, by G. N. Harper ....Nov 101; *Dec 69*
ASTM Meeting, 17th Testing Exhibit .....May 42
Blum, Herman, Named President of Automated Procedures for Engineering .....Jul 52
Building Contractor Failures Reported .....Jul 46
Calif. MCA Elects Pierce President .....Mar 50
Can More Pumps Cost Less?, by G. H. Avery .....Oct 115
CEC Celebrates a Decade of Progress, Installs President .....Jun 52
Changes in Workmen's Compensation Laws .....Jul 44
Cherne Elected MCAA President, Kearney Receives Distinguished Service Award .....Jun 40
Chicago Mechanical Contractors Endorse Preliminary Examination of Building Plans .....Jul 46
Clarifies Cost Comparisons for Desalination of Water (Open for Discussion), by C. E. Ennis ....*Mar 83*
Coated Pipe Economical for Desalting; Welding Keeping Pace with Metallurgy .....Mar 44
COBESTCO: Important Estimating Tool for the Mechanical Contractor, by L. R. Shaffer ..Oct 92; *Nov 83*
Computer Can Aid Bid Estimating .. ..Jun 45
Computer Is Not Essential for Piping Flexibility Analyses (Open for Discussion), by R. G. Fenton ....*Aug 80*
Computers Have Outdated Approach to Piping Flexibility Analysis (Open for Discussion), by J. E. Brock ....*Jul 92*
Considers Combined Electric Power-Desalting Plant Technically, Economically Feasible .....Mar 50
Construction Expenditures Expected To Reach $100 Billion This Year ..Sep 52
Consulting Engineers Council Will Meet in Tulsa, May 3-6 .....Apr 105
Consulting Firm Gets Contract To Design 2.5 Million Gal per Day Desalting Plant .....Nov 54
Contractor Must Avoid Liability for Defects in Engineer's Design (Open for Discussion), by L. Aksman .....*May 76*
Cryogenic Engineering Conference Scheduled: Abstracts of Papers Requested .....Feb 182
Desalination: Fresh Water for A Thirsty World .....Jan 191; *Mar 83*
Desalting Study Team Reports on Possible Solution to Northeast Drought .....Sep 50
Failures in Critical Weldments, Weld Inspection Discussed at NDT Symposium .....Apr 234
Fine Wire (Welding) Process Proves Self in Varied Applications, by K. Hendrix .....Jan 146; *May 77*
Fine Wire Welding Shows Promise; Must Train More Welders To Use It (Open for Discussion), by W. C. Lilly .....*May 77*
Foam Generators Produce Soap Suds To Fight Fires in Airplane Hanger .....Jul 54
Free World Copper Productive Capacity Expected To Increase in Next Five Years .....Sep 46
Give the Right Answers To Get the Right Pump, by J. A. Cable ....Mar 236
Government To Study 6 Percent Limitation on Engineer-Architect Fees .....Oct 52
Great Cost Reduction Potential Using Computer To Prepare Specs (Open for Discussion), by R. L. Jackson .....*Dec 69*
HPAC CONTRACTORS: Experts Can Help You Make More Money, by Jack Haskett .....Jan 150
Engineering Graduates Find Job Prospects Bright .....Mar 244
Extensive Research Needed Before Establishing Waste Treatment Standards .....Jun 45
Industrial and Commercial Water Treatment Is $770 Million Business .....May 39
Industrial Controls Display Tours Foreign Cities To Increase Export Trade in U.S. .....Apr 232
Industrial Relations Council Settles Atlanta Labor Dispute .....Aug 50
Industry, Government Will Pour Millions of Dollars into Desalination Plant Construction .....Oct 46
Industry Reviews Commercial Standards for Cast Iron Soil Pipe and Fittings .....Mar 247
Integrated Systems, Total Energy To Play Key Role in Future Building .....Jan 47
Korte, Huck Assume New Editorial Posts .....Feb 40
Makeup Water to Closed Circuit Should Be Softened To Prevent Scale (Open for Discussion), by E. H. Kinelski .....*Dec 70*
MCAA Convention To Be Held May 8-12 .....May 40
MCAA Northwest Ohio Chapter Formed .....Jun 42
MCAA Seeks Inquiry of St. Louis UA Local .....Feb 44
MCAA Sees Better Building Through Training of Construction Supervisors .....Oct 58
MCAA's Kromer Calls For New Plan in Obtaining Apprentices in Industry .....Sep 39
Members Petition ASME To Establish Pressure Vessel and Piping Group .....Jan 52
Method for Detecting Leaks from Welded Joints in Tanks .....May 48
MSCA Elects Connelly Chairman ..Jan 56
Natkin & Co., B & G Olsen Merge .....May 48
Natural Gas Plans Pipeline Additions .....Mar 42
NDHA Will Examine Industry Statistics for 1965, University Heating at Annual Meeting .....May 44
New Organization Plans To Accredit Private Trade and Technical Schools .....May 46
New Standard on Thermoplastic Pipe .....Apr 230
Newly Formed Institute Supersedes ASA, Will Accelerate Output of National Standards .....Oct 220
Nine Miles of Steel Brine Piping Serve $10 Million Community Center's Ice Rink .....Nov 50
1965 Volume Index for HPAC Feb 44
90/10 Copper-Nickel Tubes for Steam and HTW Heated Shell and Tube Heat Exchangers, by E. H. Kinelski .....Sep 143; *Nov 90; Dec 70*
NLRB Hearings in Progress on Unit Fabrication Dispute .....Jul 41
Outline for Study of Building Codes .....Nov 48
Piping Industry Development Council Contracts for Program Services from PHCIB .....May 44
Plan Nuclear Electric Generating Unit .....Jan 54
Plant Engineering and Maintenance Show, Conference: IIC Building Exposition To Be Held .....Feb 42
Plug and Ball Valves Control Air, Vacuum Lines at $20 Million Dental School .....Sep 48
Power Piping Design for Fort Martin Station, by W. E. Taverna and B. J. Bucalo .....Aug 97
Predicts Rising Increase in Use of Oxygen, Nitrogen; Cites Applications .....Mar 46
Prevent Calcium Deposits on Cu-Ni Heat Exchanger Tubes (Open for Discussion), by A. W. Lippitt *Nov 90*
Producers' Council Meeting Will Probe Manpower Problems, Industry Challenges .....Sep 288
Proposed Bill Will Result in Higher Taxes, Federal Control of Unemployment Comp .....Feb 184
Recent Government Directive To Protect Subcontractors from Bid-Shopping Practices .....Jan 329
Recommends More Reading on Piping Flexibility (Open for Discussion), by H. B. Ellis .....*Jun 100*
Recommends Use of Ad Counsel to Fellow Mechanical Contractors

INFRARED

Charts Aid Design of Ventilation for Unvented Gas-Fired Infrared Heating, by W. H. Best and E. C. Woodward, Jr. .....Jan 161
Combine Potpourri of Systems, Equipment, Utilities To Air Condition Plant .....Aug 121
Infrared Heaters Warm Spectators at Indoor Ice Rink, Keep Ice from Melting .....May 40
Infrared Units Heat Warehouse Converted to Manufacturing Space ..Dec 154

PIPING

(Open for Discussion), by E. A. McGavock ..... *Jan* 101
Report on Continuing Engineering Studies ..... Jun 47
Report Summarizes Findings of National Conference on Creative Engineering Education ..... Nov 44
Reports Consensus of Engineers on Engineering Education (Open for Discussion), by A. A. Abrahams ..... *Sep* 88
Researchers Foresee Coal Mined, Cleaned, Transported by Water in Closed Pipeline ..... Jul 50
Rubber Coated Bellows Improves Vibration Damping in Vacuum Lines ..... Oct 58
Save Space, Time, Money with Microfilmed Drawings, by L. T. Avery ..... Sep 116
Seven Reappointed to HPAC Board of Consulting, Contributing Editors ..... Mar 39
Size Pressure Reducing Steam Valves Correctly, by R. Schipper ..... Sep 114
Study Shows Engineering Students Need More Technical Summer Work ..... Feb 39
Surveys Questions of the Month Answers; Adds What Was Lacking (Open for Discussion), by A. W. Heath ..... *Jun* 100
Symposium on Nondestructive Testing in Pipeline Construction ..... Mar 243
Tentative Specs for Plastic Fittings ..... Apr 240
Tips on Cost Estimating and Tool Costs and Control ..... Aug 112
U.A. Honors Top Apprentices, Graduates 70 Instructors at Purdue..Oct 45
Undercoating Facilitates Removal of Foamed-in-Place Insulation ..... Sep 32
Urges Industry Support of Standards ..... Jan 330
Use Computer To Minimize Estimating Time and Risk (Open for Discussion), by O. B. Hammers ..... *Nov* 83
Use Fine Wire Welding for Quality, Economy, by W. Saari ..... Jan 144; *May* 77
Use of Tungsten Inert Gas To Weld, Braze Refractory Metals ..... Jun 58
Visual Aids Can Enhance Presentation of Technical Papers, by J. T. Cleckley ..... Sep 141
Welding Conference, First Midwest Symposium on Nondestructive Testing of Welds at IIT ..... Jan 52
What Effect Will Current Trends in Engineering Education Have on Industry?, by D. C. Pfeiffer ..... May 133; *Sep* 88
When Are Expansion Joints More Economical Than Loops? Compare Loops with Swivel, Packless, and Slip Joints, by H. B. Wayne ..... Feb 82
When Are Expansion Joints More Economical Than Loops? Design Engineer Must Make Evaluation for Each System, by G. J. Jarik ..... Jan 110
When Are Expansion Joints More Economical Than Loops? Points Out Guidelines for Comparison of Loops and Joints, by R. J. Clifton ..... Feb 81
When Are Expansion Joints More Economical Than Loops? Prefer Loops for High Temperature and Underground Systems, by G. Furgiele ..... Feb 82
When Are Expansion Joints More Economical Than Loops? Tells Advantages of Joints over Loops, by B. H. Canning ..... May 92
When Are Expansion Joints More Economical Than Loops? Use Bellows Expansion Joints in Congested Equipment Areas, by J. A. Masek ..... May 94

FUNDAMENTAL

Adds Qualifications to Article on Piping Flexibility Analysis (Open for Discussion), by C. Hassell ..... *Sep* 90
An Introduction to Digital Computers, by M. H. Ehlers ..... Feb 132
Annunciator System Guards Lab's Air Conditioning, Processing Equipment ..... Feb 106
Applications of Special Purpose Analogs to Thermal Design Problems, by G. H. Green ..... Feb 138
Careful Planning, Good Detailing Aid Glass Drainline Installation ..... Jul 127
Consider Building Use; Specify Static Deflection; Isolate Entire System (Open for Discussion), by R. M. Hoover ..... *Jun* 96
CPM and the Mechanical Contractor, by J. Horowitz ..... Jan 117; Feb 115; Mar 121
Data on SCR Pumping Differ from Those Reported (Open for Discussion), by A. J. Herrmann, Jr. ..... Jun 95

Rubber Coated Bellows Improves Vibration Damping in Vacuum Lines ..... Oct 58

OIL

Data on SCR Pumping Differ from Those Reported (Open for Discussion), by A. J. Herrmann, Jr. ..... *Jun* 95
How To Use ASTM Specs for Better Piping Design, by H. Thielsch ..... Feb 101; Mar 105; Apr 117; May 109; Nov 112; Dec 83
Impedance Heating, Modern Pump-Heater Packages Make No. 6 Oil Automatic, Trouble-Free, by R. A. Protheroe ..... Jun 136; *Oct* 86
New Pumping Concept for Industry . . . Through Solid State Control, by A. A. Mackay ..... Feb 89
No. 6 Fuel Oil, Properly Heated, Proves Advantageous (Open for Discussion), by A. A. Abrahams ..... *Oct* 86

PROCESS LIQUIDS

Careful Planning, Good Detailing Aid Glass Drainline Installation .....Jul 127
Clarifies Cost Comparisons for Desalination of Water (Open for Discussion), by C. E. Ennis .....*Mar 83*
Data on SCR Pumping Differ from Those Reported (Open for Discussion), by A. J. Herrmann, Jr. ..*Jun 95*
How To Use ASTM Specs for Better Piping Design, by H. Thielsch ....Feb 101; Mar 105; Apr 117; .....May 109; Nov 112; Dec 83
Impedance Heating Protects Product in Plant-Linking Stainless Steel Line, by D. D. Vandercreek ....Jul 113
Labor Savings Demonstrated in Installation of Cast Iron Drainlines ..Sep 44
New Pumping Concept for Industry . . . Through Solid State Control, by A. A. Mackay .....Feb 89
Nomograph Determines Minimum Required Flow Through Pumps, by F. Caplan .....Jan 169
Use Lightwall Stainless in Piping Systems for New Caramel Coloring Plant .....Jul 112
When Are Expansion Joints More Economical Than Loops? Points Out Guidelines for Comparison of Loops and Joints, by R. J. Clifton ....Feb 81

REFRIGERANT

Cryogenic Engineering Conference Schedules Abstracts of Papers Requested .....Feb 182
Diaphragm Eliminates Leakage in Cryogenic Fluid Duct Coupling Feb 44
Double Duty Brine, by R. G. Ballinger .....May 120
Double Duty Use of Brine Unorthodox but Practical (Open for Discussion), by C. T. Baker .....*Jun 98*
Free World Copper Productive Capacity Expected To Increase in Next Five Years .....Sep 46
How To Control Refrigerant Condensers, by D. M. Dart, R. E. Cates, and R. B. Miller .....Jun 127
How To Use ASTM Specs for Better Piping Design, by H. Thielsch ....Feb 101; Mar 105; Apr 117; .....May 109; Nov 112; Dec 83
Nine Miles of Steel Brine Piping Serve $10 Million Community Center's Ice Rink .....Nov 50
Plastic Coated Steel Tubing Serves Indoor Ice Rink, Cuts Installation Time .....Jun 46
Protecting Condensers for Winter Operation (Open for Discussion), by L. T. Avery .....*Jul 96*
The Case of the Oil Bound Coils, by C. T. Baker .....Apr 136

SEMI-SOLIDS

Researchers Foresee Coal Mined, Cleaned, Transported by Water in Closed Pipeline .....Jul 50

STEAM

Application Is Takeoff for Variable Vacuum Design Guides (Open for Discussion), by D. N. Crosthwait, Jr. .....*Nov 83*
Case Histories Illustrate Potential Economic Losses in Industrial Steam Plants, by A. L. Waterman ....Mar 129
Flexibility, Reliability Are Top Considerations in Office Building Design, by J. T. Washburne .....Dec 77
How To Use ASTM Specs For Better Piping Design, by H. Thielsch ....Feb 101; Mar 105; Apr 117; .....May 109; Nov 112; Dec 83
Makeup Water to Closed Circuit Should be Softened To Prevent Scale (Open for Discussion), by E. H. Kinelski .....*Dec 70*
NDHA Will Examine Industry Statistics for 1965, University Heating at Annual Meeting .....May 44
90/10 Copper-Nickel Tubes for Steam and HTW Heated Shell and Tube Heat Exchangers, by E. H. Kinelski .....Sep 143; *Nov 90; Dec 70*
Nomograph Determines Saturated Steam Flow, by F. Caplan .....Nov 133
Power Piping Design for Fort Martin Station, by W. E. Taverna and B. J. Bucalo .....Aug 97
Prevent Calcium Deposits on Cu-Ni Heat Exchanger Tubes (Open for Discussion), by A. W. Lippitt .....*Nov 90*
Seeks Comment on Proposed Design for Nuclear Power Plant Construction Permits .....Jan 50
Size Pressure Reducing Steam Valves Correctly, by R. Schipper .....Sep 114
Steam and Condensate Return Line Corrosion, by M. F. Obrecht ....Mar 137
Variable Vacuum Steam System Takes Sting Out of Perimeter Glass, by J. P. Redd .....Jul 103; *Nov 83*
When Are Expansion Joints More Economical Than Loops? Compare Loops with Swivel, Packless, and Slip Joints, by H. B. Wayne .....Feb 82
When Are Expansion Joints More Economical Than Loops? Design Engineer Must Make Evaluation for Each System, by G. J. Jarik ....Jan 110
When Are Expansion Joints More Economical Than Loops? Points Out Guidelines for Comparison of Loops and Joints, by R. J. Clifton .....Feb 81
When Are Expansion Joints More Economical Than Loops? Prefer Loops for High Temperature and for Underground Systems, by G. Furgiuele .....Feb 82
When Are Expansion Joints More Economical Than Loops? Tells Advantages of Joints Over Loops, by B. H. Canning .....May 92
When Are Expansion Joints More Economical Than Loops? Use Bellows Expansion Joints In Congested Equipment Areas, by J. A. Masek .....May 94

WATER

Agrees in Principle; Differs on Details (Open for Discussion), by O. F. Smith, Jr. .....*Jul 91*
Annunciator System Guards Lab's Air Conditioning, Processing Equipment .....Feb 106
Compares Problems in Conditioning Pharmaceutical Plant Facilities (Open for Discussion), by G. B. Walden .....*Jul 96*
Controls, Not Tank Strength Is Key to Water Heater Safety (Open for Discussion), by J. R. Thomson .....*Oct 84*
Data on SCR Pumping Differ from Those Reported (Open for Discussion), by A. J. Herrmann, Jr. ..Jun 95
Decentralized Design Provides Flexibility in Pharmaceutical Plant, by L. Smith .....May 134; *Jul 96*
Desalination: Fresh Water for A Thirsty World .....Jan 191; *Mar 83*
Desalting Study Team Reports on Possible Solution to Northeast Drought .....Sep 50
Design and Construction of a Clean Room for Microelectronics Facility, by W. O. Kind .....Jun 103; *Jul 91*
Design HTW System for University of Nevada, by H. d'Autremont ....Mar 99; *Sep 87*
Design Water-to-Water Heat Pump for School with Dual Circuited Evaporator, Condenser, by K. Kruchek .....Mar 114
Engineering for Zeolite Water Softeners, by A. D. Bogart .....Apr 137
Envisions Problems with Power, Control Air, or Valve Failure (Open for Discussion), by J. G. Garbutt .....*Aug 76*
Flexibility, Reliability Are Top Considerations in Office Building Design, by J. T. Washburne .....Dec 77
Foam Generators Produce Soap Suds To Fight Fires in Airplane Hangar .....Jul 54
Foamed Glass Cuts Cost of Underground Piping Insulation .....Feb 178
Growing Spacecraft Assembly Complex Expanding Heating, Cooling Capacity .....Dec 40
How District Heating Serves Finnish City of 20,000, by V. Santala ....Sep 129
How To Pack Pumps and Valves for HTW Service, by L. P. Bertrand .....Jul 132
How To Use ASTM Specs For Better Piping Design, by H. Thielsch ....Feb 101; Mar 105; Apr 117; .....May 109; Nov 112; Dec 83
Makeup Water to Closed Circuit Should Be Softened To Prevent Scale (Open for Discussion), by E. H. Kinelski .....*Dec 70*
New Graphical Method Determines Operating Points of Paralleled Pumps, by G. G. J. Ferwerda ..Dec 106
New Pumping Concept for Industry . . . Through Solid State Control, by A. A. Mackay .....Feb 89
90/10 Copper-Nickel Tubes for Steam and HTW Heated Shell and Tube Heat Exchangers, by E. H. Kinelski .....Sep 143; *Nov 90; Dec 70*
